CO2 detector C2M L 4050

Technical data

Product number:	1291500	**Weight of product (without packaging):**	0.21 kg
EAN:	4007123677757	**Length of product (without packaging):**	3.7 cm
UP:	1	**Width of product (without packaging):**	10 cm
Volume:	85 dB(A)	**Height of product (without packaging):**	10 cm
Number of batteries:	1	**Weight of product (including packaging):**	0.36 kg
Battery type:	Built-in battery pack	**Length of product (including packaging):**	9 cm
Battery technology:	Lithium-ion	**Width of product (including packaging):**	12 cm
Colour:	black	**Height of product (including packaging):**	16.3 cm

Product texts

CO2 meter for measuring air quality, temperature and humidity.

* Monitoring of CO2 concentration (carbon dioxide).
* With high-quality NDIR sensor (measuring accuracy +/- 50 ppm).
* With traffic light display and alarm signal (visual and acoustic) for quick assessment of room air quality.
* Suitable for tabletop installation or wall mounting.
* Power supply via supplied mains adapter.
* Battery operation up to 12 hours via backup battery.
* For houses/apartments, schools, colleges, offices, hospitals, kindergartens, public facilities, clubs, etc.
